Dear Hille,

The Senate Appropriations Sub-Committee expects to depart New York on 21 September - if Congress adjourns - and will follow the itinerary enclosed herewith.

On completion of this trip a group will proceed around the world stopping in Turkey, Iraq, Iran, Arabia, Kuwait, Barheia, Pakistan, India, Thailand, French Indo-China, Java, Phillipines, China, Korea, Japan and return via the Pacific.

It would be greatly appreciated if briefs of these countries to be visited, could be prepared in duplicate. The briefs will be circulated to the Senators before they visit each country. I don't believe information above confidential classification should be enclosed, for I will not have very good security in moving around the world.

Thanks,

Tom
